# Value proposition of Águilas verdes farm

# Product Águilas Verdes farm

Chemical-free meat from animals raised with high welfare standards and environmentally responsible production; sequesters over 4 tons of $CO_2$ per head annually.

# Custom Discovery

According to studies by CORFOGA, by 2025 Costa Rica will have around 1.5 million head of cattle, 900,000 of which are destined for slaughter,

Approximately 20% buy meat from a regenerative farm, and 15% of the population is conscious of environmental care.
